Title:

Background

Please give a detailed background of your topic, including significance. (2-3 paragraphs)

Research Question and Methods

Please describe in detail your research question and what methods you plan to use. (3-5 paragraphs)

Planned Statistical Analyses

Please describe what statistical methods you plan to use in your analysis of GDD data. (2-3 paragraphs)

References

Please list references to previous work from your group or to any other relevant materials.

Funding Source

Please list the funding sources for your proposed investigation. Funding should include support for the GDD for dataset preparation and (if relevant) detailed collaboration; or explanations as to why such funding is not necessary.
